EMR-HRDG/SRF-RA Selection/2019-20

28th August 2020

Subject: Holding Selection Committee Meetings for award of SRF-Direct and Research Associate and issue of award letter- regarding

SRF-Direct and RA selection is an annual feature of CSIR-HRDG. Normally these meeting take place in December-March period.

The selection process started in November 2019 and out of 19, we could complete the selection process in six subjects (CHEM/21, CHEM/22, CHEM/23, CHEM/24, ENG/42 and MATH/51) by February 2020 end. The results were also published on CSIR-HRDG website.

Selection meeting for other subjects (through an interview process) could not be held due to pandemic situation and travel restrictions. This delayed the issuance of award letter.

To complete the process of selection of all 19 subject areas, it is now being planned to do the screening/selection through evaluation of applications based on quality of project proposal and credential of candidate (publication and academic performance). The process may be held during September-October 2020 with offer letter issued expectedly by November 2020. In that situation the start date could be December 2020/January 2021.
